

# NEW DIRECTION for CLIMATE ACTION

**Navigating**  
the **American**  
Carbon World

## EXHIBITION OPPORTUNITIES

The 8th Annual Navigating the American Carbon World conference, presented by the Climate Action Reserve, Point Carbon, and IETA (International Emissions Trading Association), will feature prominent policy-makers, thought-leaders and executives sharing their knowledge and experience. We will explore the “Post-Copenhagen” policy landscape, emerging technologies and issues core to the development of a robust carbon market.

### Exhibition Package

**\$4,000 for 8x10 ft space**  
**(Limited Availability)**

- » **Logo recognition in print materials**
- » **Logo recognition on website**
- » **Exhibit space\***
- » **2 complimentary registrations**

**\*Electricity provided**
